Box content:

- PC Card Multi Memory Reader/writer
- User Manual

System requirements:

- Windows 98SE/2000/ME/XP
- PCMCIA slot

ENTERTAINMENT

Data sheet: PC-200

Key features:

- Fits into the PC card slot type II of your notebook
  No external power required;
- powered directly by your notebook
- Support standard SmartMedia card
- Support standard Secure Digital card
- Support standard MultiMedia card
- Support standard Memory Stick card
- Support Plug and Play function, easy to be used

Technical specifications:

Support the CompactFlashTM/PCMCIA-ATA/True IDE Standards.

- CompactFlashTM Specification Version 1.4
- PC Card Standard Release 8.0
- AT-Attachment 4 Interface (ATA-4)

Support the Smart Media Standards.

- Fully compatible with SmartMediaTM Electrical Specification Version 1.30
- Fully compatible with SmartMediaTM Physical Format Specification Version 1.30
- Fully compatible with SmartMediaTM Logical Format Specification Version 1.20
- Support capacity 2/4/8/16/32/64/128MB
- Build-in standard Smart Media hardware ECC circuit
- Best performance with hardware sequencer control logic

Support the Memory Stick Standards.

- Fully compatible with the Memory Stick Standard Format Specification Version 1.3

Support the Memory Stick PRO Standards

- Fully compatible with the Memory Stick Standard Memory Stick PRO Format
- Specification Version V1.00-01
- Support capacity 256/512/1024MB
- 5. Support the Secure Digital Card Standards.
- Secure Digital Memory Card Specification V1.0

Support the MultiMedia Card Standards.

- MultiMediaCard System Specification 2.2
- Host data transfer rate = 16.6Mbytes/sec (PIO4 data transfer).
- Support CRC function to detect data errors automatically.
- Write-protect capability for the MS Card, MS PRO Card, Secure Digital Card and Smart Media Card.
- Support the ISP(In-System-Programming) function that can easy update the firmware of this controller or adapter any time at any where.
- Working Voltage: 2.7V~3.6V, 4.5V~5.5V
- Automatic sensing of PCMCIA or IDE host interface.
- 100-pin TQFP package.
- Embedded Voltage detector: Cut Off Voltage = 2.7V.
